

**Florida Breast and Cervical Cancer  
Early Detection Program  
Quick Facts  
••• Putnam Program •••**

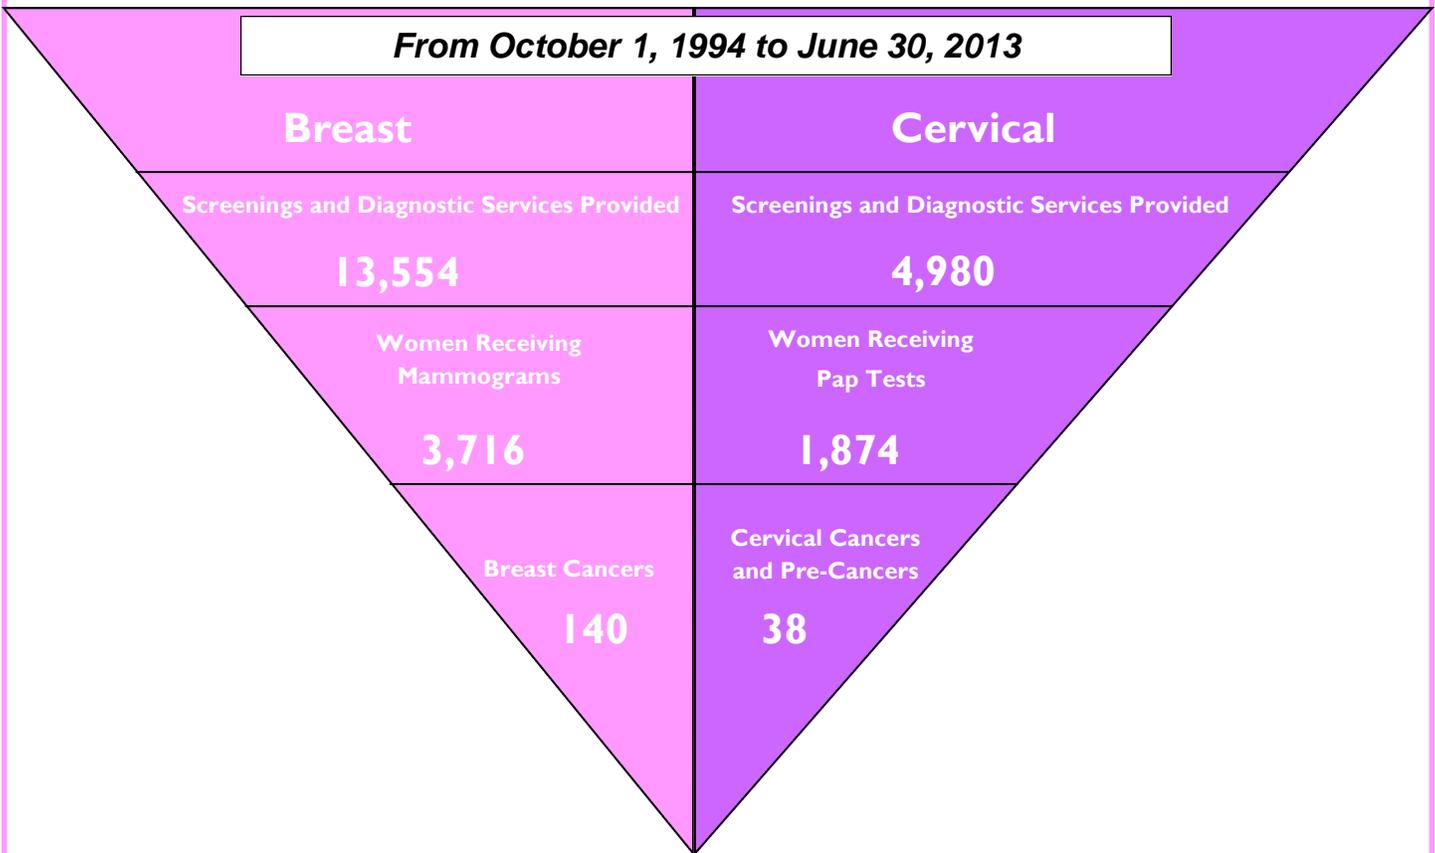

The National Breast and Cervical Cancer Early Detection Program as administered by the Centers for Disease Control and Prevention (CDC) funds the Florida Breast and Cervical Cancer Early Detection Program (FBCCEDP). This funding serves approximately 5.7 percent of the eligible, at-need population in Florida.

**Eligibility Requirements:**

- Females between 50 and 64 years of age, and
- Household income at or below 200% of the Federal Poverty Level, and
- Uninsured or no insurance that covers screenings.

**The Putnam BCCEDP provides a vital link to screening, diagnostic, and treatment services for women.**

**During FY 2012-13**

**The Putnam Program**

**Provided:**

- 1,202 breast screenings and diagnostic services
- 172 Pap tests and cervical diagnostic services
- 601 women with mammogram screenings
- 166 women with Pap tests

**Detected:**

- 12 breast cancers
- 0 cervical cancers and pre-cancers
